Pellitini Smash – Chase your opponent to win the race and avoid other players. The more he catches you, the better the deal. Spin Cycle – Race on an assortment of bikes and places, collecting gems and unlocking better bikes. Race across the 7 continents and 30 cities to beat the clock and climb the leaderboard. Originality: Thumper is an excellent game with many hours of gameplay. You play as a small alien on a new planet and your mission is to destroy all the Wumpus around you. This highly strategic game reminds me of a cross between Risk and Plants Vs Zombies. You can play with friends or other players across the world. Thumper provides a great multiplayer experience. Platform: PC, Mac, Linux, iOS, Android Non-Steam version Trial version Buy it: Thumper on Steam for \$4.99 How to Play Thumper Thumper is a free to play game. Download the game and create a free account. Download the game Open the game and click on 'play now' You can connect to Facebook to compare scores and unlock additional content How to Win Thumper Play the game Be careful when you are playing the game Complete your missions and collect all the Wumpus Use your strategy to get ahead ResourcesQ: How can I group by date in data.table by date and time I have the following data: d = data.table(date = c("2020-04-08", "2020-04-09", "2020-04-08", "2020-04-09", "2020-04-08", "2020-04-09", "2020-04-08", "2020-04-09"), time = c("02:00", "02:02", "03:00", "03:02", "03:00", "03:01", "03:00"), value = c(4,5,3,2,4,5,3)) I am trying to group the data by date and by time, but it does not work. Here is the query I tried: library(data.table) d = data.table(date = c("2020-04-08", "2020-04-09", "2020-04-08", "2020-04-09", "2020-04-08", "2020-04-09", "2020-04-08", "2020-04-09"), time = c("02:00", "02:02", "03:00", "03:02", "03:00", "03:01", "03:00"), value = c(4,5,3,2,4,5,3))
